Letter of Thanks!

December 20, 1932

Mrs. Lydia M. Brandenburg, Queen,
Zonobia Temple, Daughters of the Nile,
1612 Lawndale Avenue,
Chicago, Illinois.

Dear Mrs. Brandenburg:

It is the desire of our Board of Governors that I express to you and through you to the members of Zonobia Temple, Daughters of the Nile, our appreciation of the splendid service, and untiring effort given to the children of our hospital during the past year, and in fact, since our hospital was opened in 1926. We are particularly appreciative because of the consistency of your efforts, and day after day, week after week, and month after month throughout the years, you have carried on your work unostentatiously and shoulder to shoulder with the Board of Governors.

Your committee on mending has done a marvelous work in caring for the children's stockings and other wearing apparel. The money which you have provided to employ a sewing woman is in itself an outstanding accomplishment.

The work of your Social Service Committee in handling the correspondence between the patients unable to write and their parents who live a long distance from Chicago has been a fine accomplishment and a much needed assistance.

Your Entertainment Committee who have continuously handled our Christmas parties and the many other entertainments throughout the year have a splendid record to their credit.

The many donations of wearing apparel, fruits, jellies, candies and a variety of other things contributed to the happiness of the children amount to an inexpressible volume, and so may I extend to you, and through you, to all of the ladies of your organization, our sincere appreciation of a splendid service well organized in helping those who cannot help themselves.

Sincerely yours,

Willet H. Wade

C. J. Herrmann.
Potentate

Nobles:

After wrestling with Medinah's financial affairs for the past eleven months, thereby coming in close contact with many of the Nobles of Medinah who are part of the vast army of unemployed in our Oasis, and being intimately informed as to the great financial problems facing us in this day of world-wide depression, I fully appreciate how difficult it must be for many of our members to pay their dues at this time.

I will, therefore, have presented to the Nobles of Medinah at the meeting next Friday, December 30th, a resolution unanimously concurred in by your Officers and Past Potentates, that will take care of the dues of the entire membership of Medinah Temple for 1933 and those who are in arrears for 1932 out of the surplus which Medinah has built up for the rainy day which we are now being deluged with; thereby putting all the Nobles of Medinah in good standing with their dues paid for the year 1933.

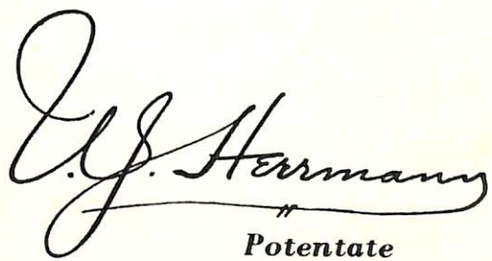
also

An Amendment to the by-laws will be offered, reducing the initiation fee to $75.00 and eliminating the fee for affiliation.

These resolutions must be voted on by the Nobility to become effective, so dig out your Fez, come to the Temple, voice your opinion on the resolutions, and vote as you feel will be for Medinah's best interest.

I will appreciate a large attendance at both the business meeting and the stag which follows.

Yours in the true faith



Potentate
